SPACIOUS WITH LUXURY

ALL NEW
G70

EXTERIOR FEATURES

Front Diamond Grill

The large diamond-shaped grille accents give the vehicle a bold look. It enhances engine cooling and air intake efficiency while improving aerodynamic performance and heat dissipation

18-inch Alloy Wheel rim

Stylish 18-inch alloy wheel rim offering a blend of durability and responsive handling for a smooth driving experience

Hidden Door Handles

Sleek Hidden door handles using electronic pop-out systems to improve the car's aerodynamic efficiency by reducing drag adding a modern sophisticated look

Panoramic Sunroof

Panoramic Sunroof featuring a smooth curve with a luggage racks, providing both natural light to the interior and stability for you luggage

Large Dimension

The G70 features a length of 4900 mm, width of 1885 mm, and height of 1756 mm, with a 2960 mm wheelbase that provides a spacious interior and a smooth stable ride

Sliding doors

The G70 features twin electric sliding doors that enhance convenience making it easy for passengers to enter and exit, even in tight parking spaces

SPACIOUS AND ELEGANCE

The Maxus G70 is a modern multi-passenger vehicle that combines spaciousness and elegant design with luxury features such as a panoramic roof and sliding doors, in addition to hidden door handles that add a streamlined touch to the sides of the car

Front LED headlight

LED headlights lens integrates with the decorations on both sides of the front grill, giving the car bolder front design

LED Taillight

'H' shape design LED taillight integrates with the rear door to give a more define look

INTERIOR FEATURES

Second row foldable tables

The G70's second-row foldable tables offer a convenient, stowable surface for dining, working, or entertainment, enhancing passenger comfort and versatility

First Class Seats Experience

The G70 features luxurious seats with adjustable options including built-in armrests, extended leg supports, lumbar support, and both heating and ventilation. With memory settings and the ability to change the seat layout

Trunk

The G70 features a spacious room for luggage, gear, and daily essentials, providing foldable third row for more space

Refrigerator

The G70 features a cleverly concealed second-row refrigerator, nestled within the cabin's design, this hidden fridge keeps beverages and food items cool and within easy reach

Luxurious comfort

The Maxus G70 is a multi-passenger vehicle that offers luxurious comfort thanks to its seven adjustable seats that contain high-end luxury features such as armrests, leg rests, heating and ventilation, in addition to various storage spaces and an ideal cooling compartment

JBL 6 speaker

The G70 is equipped with a premium JBL 6 speaker system that delivers exceptional audio quality throughout the cabin. Engineered for a rich and immersive sound experience

Dashboard

The G70 dashboard boasts two 12.3-inch screens, including a central touch screen and a sleek LCD screen. Supports Wireless Apple CarPlay and Android Auto for seamless smartphone connectivity

SAFETY FEATURES

Body Structure

Body built with 80% high-strength steel, offering superior durability, crash protection, and improved handling

Airbags

Features airbags for both the driver and passenger, in addition to side curtain airbags that protect passengers from side impacts in case of an accident

Cruise Control

The advanced cruise control system in the G70 MPV maintains a constant speed and adjusts it automatically using radar sensors to ensure safe and efficient driving

Front and rear sensors

Enhance safety by assisting with adaptive cruise control, collision avoidance, and obstacle detection for more secure and convenient driving

Electronic Stabilization Program

Helps to prevent accidents by detecting and reducing loss of traction. It automatically applies brakes to individual wheels and adjusts engine power to help the driver maintain control

360° View Imaging

Provides a bird's eye view of the vehicle, making it easier for the driver to navigate tight spaces and avoid obstacles. This feature enhances overall safety by improving visibility and reducing risks

The G70 MPV prioritizes safety with a robust design and advanced technology. It features a high-strength body for enhanced durability and protection, alongside comprehensive airbag coverage and sophisticated driver assistance systems. These elements work together to improve stability, visibility, and overall driving security, ensuring a safer journey for all occupants

PERFORMANCE

The 2.0T engine provides a strong balance of power and efficiency, while 214 horsepower delivers robust acceleration. High torque of 360 N·m enhances responsiveness, and the 9-speed automatic transmission ensures smooth shifts and optimal performance

The MacPherson and multi-link suspensions enhance handling, stability, and comfort, while disc brakes provide superior stopping power and reliability, resulting in a balanced and responsive driving experience

The gasoline fuel type and a consumption rate of 8.5L/100km determine how efficiently the car uses fuel, while a 65L tank allows it to travel over 750 kilometers between refuels
